

CRYPTO & DIGITAL ASSETS TAX CHECKLIST

2024

There are a number of trade events in relation to Cryptocurrencies and Non-Fungible Tokens (NFTs) that would trigger a taxing point per the ATO's guidelines. The most common taxing events are:

- Sale of tokens
- Trade of one token for another
- Airdrops
- Staking
- Mining
- Use of tokens in business transactions

If you are currently trading/have traded in or use cryptocurrencies in your business, please provide us with the following information to enable us to ensure that the relevant taxing events have been reported to the ATO.

Please indicate if you hold any of the following:

Crypto Exchanges
